Basis of Apportioning State Equalizing Fund—1921-'22

The purpose of the State Equalizing Fund is to provide, so far as possible, for an equal distribution of the burden of supporting the public schools of every county in the State for a term of six months, as required by the Constitution. The General Assembly requires each county to levy a maximum rate of tax in order to participate in this fund. If the funds received from the tax in any county is insufficient to pay the salaries of teachers on the basis of the State salary schedule, the State Board of Education appropriates the State Equalizing Fund so as to meet the deficit in the County fund and operate the schools for six months.

Special Building Fund—1922

The General Assembly, regular session, 1921, (Chapter 147, Public Laws), passed an Act to provide a special building fund to be loaned to County Boards of Education to aid in erecting school houses. No loan is allowed for the repair or erection of a school building of less than five standard class rooms. Many permanent brick structures have been built. Of the $5,000,000 authorized on December 31, 1922, $3,310,000 had been loaned as follows:

Where Go to College?

There Are Three Major Considerations

That Determine the Greatness, or the Potential Greatness of an Educational Institution:

1. The Plant, including grounds, library, classrooms, laboratories, and apparatus.
2. The Faculty.
3. The Student Body and its democratic standards.

In addition to the twenty-seven buildings already on the campus, the State of North Carolina is this year putting $1,490,000 into new buildings and equipment. The library of 108,000 volumes is spending $24,000 annually for books and periodicals. Eight thousand volumes were received in 1921-22, and one thousand and five magazines and learned journals were received on subscription.

The Faculty numbers 115 of the country's best scholars.

Speaking of the student body of the University, Mr. Sherwood Eddy, of Yale University, who has spent the major portion of his life studying in four continents, said, that with one exception, it was the most seriously thoughtful and democratic group of students he had ever known.

Democratic State Platform—1922

(Adopted at Raleigh, April 20)

Profoundly thankful to Divine Providence for the great blessings to our beloved commonwealth of North Carolina, the Democratic party in convention assembled does hereby declare its platform as follows:

We reaffirm our allegiance to the time honored principles of the Democratic party, and we hereby commend the constructive policy of the Democratic party under our great President, Woodrow Wilson.

We heartily endorse the course of our Senators and Representatives in Congress and point with pride to the record they have made.

We condemn the Republican Administration for its failure to pass legislation to meet the needs of the country.

The Democratic party since it has been entrusted with power in this State has uniformly favored and enacted legislation providing for longer and better schools for the children of the State, for increased facilities, for the care of the State's unfortunates, for the conservation of the public health, for the building up and encouragement in every proper way of the agricultural interests of the State, for the fostering of all legitimate business enterprises, for the protection of the mutual interest of labor and capital, for the construction and improvement of public roads, and, in fact, for the upbuilding and uplifting of the State.

We heartily endorse the Democratic State Administration. We commend and endorse the action of the recent General Assembly of North Carolina in the great constructive programs which have been carried on for the material and industrial progress of the State.

We commend the Legislature for the enactment of legislation looking to the care and protection of the interests of the youthful delinquents and defectives of the State; we commend the Legislature for the enactment of legislation looking to the construction and establishment of a system of hard-surfaced and other dependable roads connecting the county seats with the principal cities and towns, and we pledge the people of this State that this road program will be carried on with efficiency and economy; we commend the provisions made for increasing the facilities of our State institutions, both educational and charitable; we commend the legislation providing the splendid program being carried on in the Sate for the protection and conservation of the public health, and the improvement of sanitary living conditions, both urban and rural; we commend the legislation providing for the

collection of the State's entire revenue from incomes, inheritances, franchises, insurance policies, fees and rentals from the State's property, thereby providing a system of taxation whereby no taxes whatever are levied for State purposes upon property, and the establishment of a department for the assessment and collection of the State's revenues; we command the legislation simplifying the judicial procedure in civil actions and reducing the cost of litigation; we commend the provisions made for the care of our Confederate veterans and their widows, and pledge the Democratic party to a continuation of all those policies.

We point with pride to the fact that Governor Morrison has recommended and vigorously urged the passage of this great constructive program enacted by the last General Assembly.

In the administration of his office as Governor, Governor Morrison has inaugurated many measures and movements for the moral and material upbuilding of the State.

(a) We endorse the appointment by him of boards of consulting specialists to visit and minister to the needs of the insane, the delinquents, the defectives, and other unfortunates in the State. Under that plan a score or more of eminent specialists have visited each institution, performing operations and otherwise treating hundreds of these patients, without one cent of cost to the State. The thanks of the State are due to these gentlemen for the great and unselfish service they have rendered suffering humanity.

(b) We heartily endorse the program suggested by Governor Morrison and adopted by the Departments of Agriculture, Education, Health and Public Welfare Work, looking to the production of sufficient food for the people of the State, and earnestly hope for the early realization of this great idea, the consummation of which is greatly to be desired, and which is in line with the program for the upbuilding of the moral and material welfare of the people.

(c) We heartily commend the Governor for his program looking to the production and conservation of fish, oysters and other sea food in the waters of our State.

We pledge to the people of the State that the Democratic party will administer the affairs of the State, counties, and municipalities with every economy consistent with efficient and progressive government.

We pledge to the people of the various counties and municipalities of the State the greatest measure of control of their local affairs consistent with efficient and orderly government and the rights of other counties and municipalities.

We favor the passage of a workman's compensaion act fair to both employer and employe.

We are profoundly grateful to the service men of the late war, and we recommend to the national government the enactment of legislation looking to their relief.

We recommend that the State Executive Committee be authorized and directed to amend the plan of organization so as to double the number of that committee, to the end that full representation of women may be had thereon. Provided, that fifty members shall constitute a quorum. The committee at its next meeting shall provide the necessary machinery for the election of these additional members.

We denounce the covert, unfair and cowardly attack made by the Republican party in its platform adopted at its convention at Winston-Salem, upon the program for a fair and equitable system of taxation, the education of the children, and the construction and maintenance of the highways; and we warn the people that if the Republican party be entrusted with power in this State, the evils warned against by them will indeed be realized.

Republican State Platform—1922

(Adopted at Winston-Salem, April 12)

We, the Republicans of North Carolina, in convention assembled at Winston-Salem, April, 1922, reaffirm our devotion to the principles of the Republican party which are now, as they have ever been, the surest guarantee of the preservation and continued prosperity of this State and Nation.

We view with pride the wise and conservative leadership of our President, Warren G. Harding. We congratulate him and the country upon the selection of men of pre-eminent ability to fill cabinet positions whose concerted efforts have restored our nation to its place of wholesome leadership in the affairs of the world from which it had been displaced by the preceding Democratic administration.

We congratulate the country upon the progress made by the Republican Administration in fulfilling its platform pledges and in its effort to restore the country to normality after the shock given it by the Democratic party, and upon the same, sound and conservative policies adopted in all departments of the government which are gradually bringing relief from the conditions created by the reckless era of extravagance and mis-management and accompanying burden of taxation under the Wilson administration. Constitutional government has been restored, extravagant expenditures have been eliminated by the creation of the budget system, the public finances have been placed upon a scientific basis, we have reduced the public debt $3,700,000,000 and have reduced taxes to the extent of three quarters of a billion dollars a year. The extent to which the confidence of the people in the government has been restored may be measured by the fact that during the year that has passed Liberty Bonds and Victory Notes have increased in value to the extent of two billions of dollars.

We deplore and condemn the extravagance indulged in by the Democratic administration in this State. While the National Republican Administration is practicing every economy, decreasing the number of government employees, and reducing taxation wherever possible, the Democratic Administration in the State of North Carolina is creating opportunities for political henchmen. Issuing bonds and borrowing money with a reckless disregard of the property rights and welfare of the people and as a result the very land of the State is tottering under taxation piling ever higher and the rank and file of our people burdened as never before.

We condemn the dominant party for its jugglery of the tax provisions of the State for political purposes as is illustrated in the

manipulation of the Revaluation Act. We assert it is time to apply business methods to our tax system and end the present tampering with our finances which is endangering the credit of the State at home and abroad and keeps the constitutionality of legislation governing taxation, and the validity of securities issued by the State and its sub-divisions, almost continually before the Supreme Court.

The Republican party in North Carolina, as in every other state, favors public education and liberal support to all public educational institutions and if our party is entrusted with the management of our State government we would immediately provide for the election of our County Boards of Education by the people and thereby restore to the people the control and management of our public schools and we guarantee to observe and enforce the Constitutional requirements of a six months school term in each county in the State, and at a greatly reduced rate of taxation.

We pledge the people of the State to provide a uniform system of taxation for schools throughout the State and to give each county in the State the same rate of taxation for schools and each county its proportionate share of the constitutional requirements for a uniform system of public education throughout the State, and at a greatly reduced rate of taxation. Such a system will insure uniformity in tax rate, uniformity in school facilities and eliminate waste and extravagance in County and State in School administration and give the State a new impetus in public education.

We condemn the Democratic party for the frequent and unnecessary change in the text books used in the public schools, which result in hundreds of thousands of dollars of increased profits to the publishers of school books, but which are a needless and burdensome expense upon the people of the State. We favor the policy of the State's furnishing free text books in the public schools and thereby saving to our people thousands of dollars now expended for text books and bringing to the child of our poor man the same opportunity of education now enjoyed by the child of the rich.

We believe in a State system of highways; and we point with pride to the fact that what progress we have made towards obtaining a State system of highways has been brought about by the fearless advocacy of the Republican party in its platform, on the hustings and in the Legislature. But we condemn the Democratic party for prostituting the road system, as it has the school system, to purposes of politics and for the reckless extravagance and favoritism with which it has expended the people's money.

We believe that it is the first duty of the State to help alleviate the burdens under which agriculture is staggering in North Carolina. Specifically we pledge ourselves to the establishment of an adequate system of rural credits and to such a reorganization of the State department of agriculture that it will become a real aid to the farmers of the State instead of being as it is now, a haven for job hunters.

We favor a continuation of the time honored policy of the Republican party of enacting liberal legislation to provide for the care of infirm and disabled soldiers and their dependents. The unselfish and patriotic service rendered by them and their more fortunate brothers in arms, will ever be a proud heritage of our country.

We demand that necessary legislation be enacted to make the Farm Loan Banks properly function in behalf of the farmers in accordance with the avowed purpose of the creation of such banks; giving to the farmers short term loans on security of Farm Products and long term loans on real estate, all at a rate of interest, such as is accorded by banks on commercial loans, and that the Farm Loan Banks be completely divorced from International Panking.

The most degrading thing in the life of North Carolina is the political dishonesty which is shamelessly flouted by the machine of the Democratic Party. This dishonesty is striking at the very vitals of the State and has already produced that cynical attitude towards public affairs which invariably accompanies the decline of free government. No State can live that tolerates dishonesty and no party should survive which winks at or encourages it.

We do not charge that all elections are dishonest. We do charge that the election laws of the State lend themselves to fraud, that they were framed with that end in view and that the Democratic machine of the State under these laws perpetrates the most shameless fraud whenever it deems fraud necessary to accomplish its purposes.

We denounce the Democratic Party for refusing to pass the Australian Ballot law, and for amending the Absentee Voter law in such a way as to make fraud easy to perpetrate and hard to punish. And we pledge ourselves to enact the Australian Ballot Law and to place adequate safeguards around the Absentee ballot. The time has come for corrupt elections to cease.

Another form of political dishonesty in the "Gerrymandering" of the State by the Democratic party, by means of which 43 per cent of the voters of the State are robbed of their proper right of representation. The Congressional districts, required by law to be compact and contiguous are veritable geographical monstrosities. One needs only look at a map and a census table to see that the Republicans of Carolina have been robbed of our representatives in Congress. In like manner the Republicans of North Carolina have been robbed of Solicitors and State Senators, and the plan of electing Judges by the State at large while allowing the Democrats of the various districts to select the candidates for those districts is but another form of the same evil, by which the high office of Judge is dragged into politics and the Republican districts are denied representation on the bench.

We denounce the Democratic machine for the infamous methods employed by it in the campaign of 1920. We believe the decent right thinking people of North Carolina who love their State and Nation and believe in clean politics will not longer permit the dominant party to resort to such degrading tactics in its effort to inflame the passions of the people and divert their minds from a calm consideration of the issues before them. A party which stoops to such base methods is not worthy to be entrusted with the sacred rights of the people.

We deplore the attempt of the Democratic party to drag the negro question into any campaign. The Republican Party of North Caro-

lina is an organization of white men and women. It has no intention of appointing negroes to office within the State.

To sum up our position, we commend:

Education, in accordance with our Constitution and with election of the School Boards by direct vote of the people.

Good Roads, built on business principles, without favorites or waste with reduced overhead charges.

Conservation of all products and investigation of the most scientific methods of saving producers, whether by warehouses, storage, cold storage or other means; also a system of credits for the products so stored.

Economy of the strickest kind in all public affairs and this should mean the reduction of amounts paid as salaries in the public offices to unnecessary employees.

Budget systems for towns, counties and State and all sub-divisions, that the tax payers may know where tax moneys go, and that every department be compelled to live within the estimates of such budget.

We condemn:

Election frauds, to be a disgrace to the State.

Text book methods, in choosing of which millions are lost to taxpayers, and a public scandal is disgracing our State; we need free text books, printed within our State so far as practical.

Bond issuing in such reckless manner without any preparation to meet interest and repayment, such methods are enslaving our children to the third and fourth generation.

System of bank examinations which permit insolvency and loss to depositors which could be prevented.

Public Debt being constantly increased without the slightest attempt at economy or curbing needless expenses.

Useless additional bureaus, costing the taxpayers untold millions to make new jobs for political favorites, such as a commission to collect taxes which is the duty of every Sheriff.

Gerrymandering the districts of the State to the end that a party remains in power though the voters have lost confidence in its efficiency and honesty.

We promise:

Honest election laws and the Australian Ballot.

Reduction in taxes, and the creation of a modern taxing system.

State taxes shall be raised without burdensome property tax, which tax should be used for reduction of debt if necessary at all.

Publicity in the fullest sense of all public business both as to assessing of all taxes and payment of all costs of government.

Reduction of officers, the number of which has been increased without necessity and without reason.

Judges shall be selected from both parties to the end that every man may feel assured of obtaining justice and escaping partisan prejudice.

Officers elected on our platform shall be true to every trust, painstaking in every duty, considerate of every citizen, honest in every public act; any delinquent will be driven from power instead of being supported by a mistaken idea of partisan policy.

Eclipses of Sun and Moon, 1923

The year 1923 is notable for a total eclipse of the sun, September 10, the first since 1918 to be visible in the United States and the last until 1925. The northern limit of totality will lie one mile to the northeast of Santa Barbara, twenty-five miles to the southwest of Los Angeles, ten miles to the southwest of Long Beach, and seventeen miles to the northeast of San Diego. California is the only State in which the total phase will be visible.

"READ IT BECAUSE THEY HAVE TO"

"The News and Observer Is An Institution Read By Something Like 75,000 People, Two-Fifths of Whom Hate It Like The Devil."

(From The News and Observer, November 19, 1911.)

In connection with its year's work on the newspaper situation, Collier's offered sixty prizes of fifty dollars each in the cities and regions of the United States and Canada for the best letters from readers concerning their newspapers. It prints the prize-winning letters. In its issue of last week it prints the prize North Carolina letter—It was written by Dr. G. M. Cooper, of Clinton, and his subject was **"The News and Observer."** Colliers' paid Dr. Cooper fifty dollars for the letter, as it paid fifty-nine others who wrote the best criticism concerning newspapers in all States. These letters have been interesting and illuminating and helpful both to the public and to the editors. It is a good thing for an editor to read the opinion of a subscriber, particularly when a great newspaper, like Colliers' thinks enough of the opinion of the writer to pay fifty dollars for it. If he is a wise editor he will be helped by candid criticisms. Dr. Cooper's is most kind, but is the sort of criticism of which it was said by the highest authority: "Faithful are the wounds of a friend." Here is his article for which Colliers' paid Dr. Cooper fifty dollars:

RALEIGH, N. C.

I read the daily **"News and Observer"** of Raleigh, N. C. **That paper is an institution. It is read by something like seventy-five thousand people, two-fifths of whom hate it like the Devil,** but read it just the same. Why? Because they have to. Its policies make and unmake Governors, Senators, Judges and lights of lesser magnitude. Politically it is mightier than all the politicians and bosses in the State, for the simple reason that it is backed by public opinion.

Ask any of the enemies why they read **The News and Observer** and the answer is always the same: "It publishes the news." That is literally the truth; nothing of real interest is suppressed. By "news" I do not mean the sickening stories of crime and domestic infelicity that fill the columns of most daily papers. I mean news of political importance or of significance to society in general. In other words, **its news matter is clean and healthy. In its editorials it reflects the best thought of the soundest thinkers in the country and especially the South.**

Another good reason for the influence wielded by this paper is its direct personal appeal. No one knows or cares who owns its stock, **but every line it publishes is universally regarded as the honest, sincere convictions of the editor.** To illustrate this point: It is Democratic in politics, and whenever a Republican speaker or paper alludes to an editorial in The **News and Observer** they always refer to "Josephus" (its editor is Josephus Daniels). That is "personal journalism" which might make even a Nelson or a Watterson take notice. No mortal man can measure the influence which this one paper exerts. It has fought and won many battles for better conditions in North Carolina. Its voice has been remarkably clear for the people against special privilege in national affairs.

Much more might be said in commendation of this paper, which for many a year to come bids fair to continue master of the newspaper field in this section of the South. But what I have said is sufficient to illustrate its power for good.

On the other hand what criticism have I to offer? Very little. First, and chief, it is not at all times and in all things consistent. For instance, it carries no whiskey advertisements, but thousands of its friends are frequently forced to blush with shame at some of its glaring patent medicine announcements.

Second, and in conclusion, as a friend to the principles for which this paper stands; as one who loves the glorious history of this great country, and who hopes for its future, I would beseech its editor to beware lest in its zeal for the cause he brings to me, perhaps unconsciously, just a little more of the spirit of partizanship than of the spirit of democracy.

Clinton, N. C. G. M. COOPER

Since the above was written, the circulation has increased and the paper is read by 125,000 people daily

Profitable Farming

Your farm is worth to you just what it will produce in crops.

Whether you market your grain or hay, or feed it to live stock, your profits are determined by your yield.

Every pound of tobacco or cotton you get above the cost of production means profit.

Fertilizers reduce the cost of production because they increase the yield with the same amount of labor.

You not only will get more bushels of corn and pounds of tobacco or cotton per acre, but each bushel or pound will be of higher quality. Use.

V-C Fertilizers

and insure interest on your investment in land, labor and equipment by large yields of high quality crops.

Write our agricultural Service Bureau for suggestions on how to use fertilizers most profitably.
